In celebration of United Way of the Plains’ 100th anniversary, join us for Impact on the Plains, a “Shark Tank”-style innovation competition in pursuit of bold solutions to complex community issues.

Tuesday, Sept. 19, 2023
5:30 p.m.
Textron Activity Center,
9710 E. Central Ave.

Impact on the Plains promotes an entrepreneurial ecosystem in the nonprofit community to transform how complex social issues are addressed in the areas of health, education, financial stability and basic needs. Community leaders serving as judges narrow applications down to the best of the best who pitch their solution in front of a live audience. Winners walk away with an investment to help scale their program and transform their work to help our community achieve its potential.

“"For too long, Wichita did not have a community resource for those affected by Parkinson’s Disease and their caregiver. As a recipient of the United Way Impact on the Plains grant, this has given us the ability to consistently provide fitness, education and support group classes to empower our members to step up to the challenge to fight the disease.”

— Connie Urbanek and Shana Gatschet, Co-Founders of Club Parkinson’s of Kansas
